QUALITY & VALUES

Civil Interiors:

We understand the client's needs and suggest various options that match the client's requirements and taste, theme and on-going trends of the market.

False Ceiling:

We have speciality in modern and amazing look to the ceiling and it's usually a blend of grid patterns, lighting and return and diffuse placements. The material used for ceiling can vary from gypsum, wood, metal, mirror, calcium silicate- to give perfect ceiling.

Flooring:

We expertise in all ways of flooring like raised flooring, wooden flooring, vinyl flooring, Italian flooring, granite flooring etc., We suggest the flooring that will be best of particular area.

We suggest:

We suggest Raised flooring - to hide / cover the cables and wires.

We suggest underfloor air distribution to suits the best for computer rooms or other room with - equipment, it enables uniform cooling with less energy consumption.

We suggest Wooden floorings for bedrooms, conference rooms,

We suggest home theatre rooms for its sound absorbing feature.

We suggest Vinyl flooring for giving new stylish look in residential as well as commercial.

We suggest Carpets are to use in a wall-wall design or a combination with other flooring tiles.

QUALITY & VALUES
